AWAKENING CULTURAL DIGNITY

LENS immersion

CULTURALLY RESPONSIVE 2-DAY WORKSHOP

A Different Way of Knowing, Seeing and Being

Using Indigenous inquiry and frameworks built from diverse world views, this two-day immersive course establishes a shared language for diverse, equitable and inclusive work, and delivers a set of practices to embed - as a way of being - that supports innovation to be courageous and inclusive. Designed to be somewhat disruptive, Mahana Culture builds a culturally courageous space to reflect on 'what is culture?'
